Notes from Administration

Please continue to monitor your health this fall. Do not come to school if you are ill.

Attendance

When reporting student attendance issues, including lates, absences and leave early, please call the **Attendance Line at 403-777-7360 and press extension 1.** Remember to spell the last name of the student and leave the reason for the absence, late or leave early.

ADMINISTRATION & STUDENT SERVICES

At Ian Bazalgette school, we have many resources to ensure that your student is supported for best success.

Steven Pike, Principal

ATHLETIC SCHEDULE

School Athletics

Badminton Tryouts will continue.

Monday
Grade 8 Tryouts

Tuesday
Grade 9 Tryouts

Wednesday
Grade 7 Tryouts

Thursday
Grade 7 Tryouts

School Athletics Expectations

With Volleyball season now in play, we wanted to remind parents and guardians and students about our spectator expectations.

Spectator Expectations

HOME GAMES

- Students must leave the school at the regular dismissal time of 2:30 pm (or 12:05 pm on a Friday) and not return until 20 minutes before the scheduled start of a game. Student athletes will be told by their coach when they are to enter the building prior to games, but it is typically 30-45 minutes prior to game start.
- Students are welcome to come to 4:30 pm games by themselves but they must have a parent or guardian present with them for games held 6:30 pm or later.
- Stay on the spectator side of the gymnasium or field of play. Do not go onto the court or field at anytime.
- Only assigned scorekeepers are allowed at the score table.
- When inside the school remain in the designated areas of the school and only use the designated washrooms.
- Leave immediately at the conclusion of the last game of the evening.
- Be aware that staff are required to remain on site until everyone has left the building or field of play.
- Administration has the right to remove any parties from a school for any reason deemed necessary to keep a Welcoming, Caring, Respectful and Safe Learning and Work Environment.

AWAY GAMES

- Bazalgette students who wish to attend a game hosted by another school **MUST** be under the direct supervision of a parent or guardian.
- Remember that you are representing our Learning Community. Behave respectfully. Be supportive (use appropriate language, avoid trash talking opponents and/or referees, etc.) and clean up after yourself.
- Follow all directions provided by the host school.
- Leave immediately at the conclusion of the game.
- Host school staff are also required to remain on site until everyone has left the building.
- Administration has the right to remove any parties from a school for any reason deemed necessary to keep a Welcoming, Caring, Respectful and Safe Learning and Work Environment.

Reminders from our student athletes:

- I am a kid

- It's just a game
- My coach is a teacher who has volunteered to coach or an outside volunteer from the community
- The officials are human
- Be a supportive fan, and not an unreasonable fanatic

BUSING & TRANSPORTATION

Fall Transportation News

Schools do not plan or run transportation. It is centralized through our main board office.

<https://www.cbe.ab.ca/schools/busing-and-transportation/Pages/default.aspx>

Bus Route and Stops

School bus stops and the route are posted in [MyCBE](#) when your registration has been processed.

2025-26 Transportation Registration Ongoing

[Register for Transportation in MyCBE](#)

CBE Transportation continues to accept registration after the deadline; however, students are added to the closest existing stop with available space. Processing times could be up to four weeks at the beginning of the school year due to volume. Families are responsible for transportation until their registration is confirmed.

Eligibility

General

General transportation (big yellow school bus) is available to students who:

- Attend their designated school, and
- Live beyond the school walk zone, and
- Are assigned to general transportation as their mode

All high school students and some Grade 6 to 9 students are designated to [Calgary Transit](#).

For the purpose of transportation, only the student's primary address in our student information system will be used to establish eligibility.

Specialized

Specialized transportation (small yellow school bus) is available to students who:

- Attend their designated school for their specialized program, system class, or unique setting, and
- Are assigned to specialized transportation as their mode; or
- Students with mobility challenges who have been assigned to specialized transportation

Many students from Grade 7 to 12 who are in specialized programs are designated to [Calgary Transit](#)

PERSONAL MOBILE DEVICES & LOCKERS

Personal Mobile Device & Social Media Use in Schools

Alberta Education requires all K-12 schools to limit personal mobile device use during instructional time and restrict social media access on school networks/devices. CBE cares about the mental health and well-being of students. Restricting access to personal mobile devices and social media is expected to improve student achievement and learning outcomes. CBE strongly recommends students simply leave their devices at home, because in most cases, personal mobile devices are not needed to support student learning.

For students in kindergarten to Grade 9, CBE will use 'away for the day' guidelines. Personal mobile devices brought to school including cell phones, tablets, gaming devices, laptops, smart watches, Bluetooth speakers/headphones or any personal electronic device that can be used to communicate with or access the internet must be powered off or set in silent mode and stored out of sight in student lockers or backpacks for the duration of the school day.

If a student is found to be using a personal mobile device in class without permission from the teacher, the CBE will work with the student to ensure the rules are understood. We rely on good communication and other existing processes to ensure students know what is expected. When necessary, schools will use a [progressive student discipline](#) approach in working with students.

These rules apply to all students, with exceptions for students using devices for health and medical needs, to support specialized learning needs and for educational purposes.

For students who require access to a personal mobile device for health and medical needs, it is advised that parents complete and submit a [Student Health Plan](#) as soon as possible or contact Mrs. Tanya Miller in student services.

For students who require access to a personal mobile device to support an identified educational need, families should contact the school to discuss

this being included as an accommodation or support in the student's individual program plan (IPP).

For English as an Additional Language Learners who require access to a personal mobile device, a new PMD Exception form will be approved by School Administration in conversation with parents/guardians.

Consequences for Inappropriate Use

Students are expected to follow Administrative Regulation 6005: Student Code of Conduct. Students who refuse may be subject to Administrative Regulation 6006: Progressive Student Discipline.

First Incident: Verbal Warning

Student is reminded of the expectations regarding responsible use of Personal Mobile Devices and/or social media.

Second Incident: Confiscation and Parent/Guardian Informed

Student will turn in the mobile device to the teacher, who will call an Assistant Principal to come and meet the student to discuss the matter and take then take the device to the office. It will be returned to the student at the end of the school day. Parent/guardian is informed by the teacher.

Third Incident: Confiscation and Parent/Guardian Involvement

Student will turn in the mobile device directly to the office. Phone will only be available for pick-up by parent. An Administrator will contact the parents/guardians to inform them of the repeated infraction.

Fourth Incident: Loss of Privileges

Student will not bring the mobile device to school or will turn it into the office at the beginning of day and retrieve it when they leave for the day.

Lockers

Locker distribution is completed. If student does not have a locker they must approach their homeroom teacher.

HONOURING INDIGENOUS WAYS OF KNOWING, BEING, & DOING

Ian Bazalgette Staff acknowledges and supports the Truth and Reconciliation Commission (TRC) Calls to Action

Our actions will include but are not limited to the following:

- We will offer a locally developed course for all students that focusses on understanding and learning about the cultures and ways of our Indigenous people. Details to come soon.
- We will continue to use authentic resources such as knowledge keepers, Indigenous artefacts and learning from the land to assist in understanding stories that are essential in moving the reconciliation process forward.
- We will continue to offer professional development for staff and involve them in the conversation as we know the work is not only that of teachers, but the entire learning community.
- We will continue to have student voice present in the school, and it will be visible where we can all appreciate the varied and enriching stories, we all bring to learning.
- We commit to making relatives, honouring Indigenous Knowledges, and deepening our connections to land and place through the spirit of the drum.

On Smudging

Smudge is a traditional practice shared by Indigenous cultures across Na'a (Mother Earth in Blackfoot). Every nation has their own protocols and teachings regarding the practice of smudge. Smudge is a land-based ceremony rooted in the practice of acknowledging all relatives and reinforcing connection with Creator; it is a cleansing practice that sets the space for truth-telling (Alberta Recreation & Parks Association, 2020).

In Treaty 7 territory, smudge typically involves burning a small piece of dried medicine such as sage, sweetgrass or cedar inside a fire-proof container, such as a cast-iron dish or abalone shell. According to Dr. Elder Reg Crowshoe, smudge serves as a "call to order" (Alberta Recreation & Parks Association, 2020). In our learning context, smudge serves in a similar manner to the school bell that heralds classroom teaching. At Ian Bazalgette, smudge is offered every morning before school in the Indigenous Learning Space.

Participation in smudging is optional.

Indigenous Junior Police Academy

Program Objectives

1. **Positive police interactions:** Create positive interactions between police officers and Indigenous youth.
2. **Educate:** Educate Indigenous youth about the role of the police and the Calgary Police Service.

3. **Community building:** Foster a sense of community and collaboration between the police and the Indigenous Community.
4. **Diverse policing aspects:** Expose Indigenous youth to various aspects of policing.
5. **Encouraging further participation:** Motivate participants to engage in other youth mentorship programs, such as the Calgary Police Cadet Corps and PowerPlay.
6. **Reducing barriers:** Reduce barriers to accessing support and programming for Indigenous youth.

It is an opportunity to work alongside members of the Calgary Police Service and experience what it is like be a police officer.

Who can Join

- This program is only open to individuals who are First Nations, Métis, or Inuit peoples of all genders.
- Applicants must be 12-to-16-years-of-age.
- Applicants must live in Treaty 7 Territory and surrounding area including the Siksika, Piikani, Amskaapiikani, and Kainai First Nations; the Îethka Nakoda Wîcastabi First Nations, comprised of the Chiniki, Bears paw, and Goodstoney First Nations; and the Tsuut'ina First Nation, Nose Hill Métis District 5 or Elbow Métis District 6.

Please follow the link below for more information on how to join:

<https://www.calgary.ca/cps/youth-programs-and-resources/youth-mentorship/indigenous-junior-police-academy.html>

SCHOOL COUNCIL

One of the most important ways you can make a meaningful difference in the lives of Ian Bazalgette School students is by participating in our school council. By connecting with our students, schools, and community, we can work together to support and enhance student learning. Meetings occur once a month on a Tuesday evening at 5:15 pm. Moreover, the meetings are most often in person with occasional online meetings if required. If you are interested in being a member of the school council, please email smpike@cbe.ab.ca.

Please see School Council dates on front page of this newsletter.

STUDENT SERVICES

Trellis & The Calgary Exhibition and Stampede

Trellis continues its partnership with The Calgary Exhibition and Stampede to host the Work Experience Program. Trellis will hire and train over 250 individuals ages 13+, along with 40 supervisors to help keep the Greatest Outdoor Show on Earth clean for the 11 days of the Stampede.

This is a work experience program for individuals with little to no work experience ages 13+. Follow [@TrellisYouthEmployment](#) on Instagram for more updates.

Applications are open from March 16 - April 7.

Any other questions can be emailed to stampede@growwithtrellis.ca

Calgary Police Service Junior Police Academy

Youth registered in the Junior Police Academy will get an immersive experience into the world of a Calgary police officer, covering various aspects of law enforcement, including:

- HAWCS helicopters
- K9
- Mounted Unit
- Crime Scene Unit
- Tactical Team
- Traffic Unit
- and more.

Youth will also participate in presentations from front line police officers, the Violent Crimes Suppression Team, and have the chance to learn about the history of the Calgary Police Service. The week concludes with participants marching on parade and receiving certificates. Note that there are no costs associated with this program.

For more information and to sign up please follow the link:

<https://www.calgary.ca/cps/youth-programs-and-resources/youth-mentorship/junior-police-academy.html>

Family Supports

Calgary Urban Project Society (CUPS)

phone | 403-221-8780

email | info@cupscalgary.com

website | <https://www.cupscalgary.com/programs-services/social-support/family-development-centre>

- Free Parenting Programs/Education for families (mainly with children 0-5 years). Family Resource Centre on premises that can provide resources and referrals.

Children's Link Society

phone | 403-230-9158

email | info@childrenslink.ca

- Provides resources, childcare information, parent-to-parent connections and hope to families and professionals who care for and work with children and youth with special needs from birth to age 21.

Closer to Home

phone | 403-543-0550

email | reception@closerhome.com

- Programs available: Early Intervention and Prevention, In-Home Family Support, Indigenous Services, Foster Care, Group Care

Families Matter

phone | 403-205-5178

email | info@familiesmatter.ca

- Provides parenting education resulting in healthy child development and confident and competent parents who are connected within their communities. Programs available: Family Mental Health, Parenting Programs, Professional Development and other services.

Family Resource Networks (FRN)

website | <https://www.alberta.ca/family-resource-networks>

- Website will assist locating the community location. FRN offers various types of parenting support, free of charge, can make referrals for Hull Services and Trellis parenting and family support programs.

Hull Services

website | <https://hullservices.ca/services/community-parenting-education-program/>

- Community Parent Education program for parents of children ages 5 to 12 to learn new parenting skills and strategies. Typical program runs for 8 to 10 weeks.

McMann Calgary

website | <https://mcmancalgary.ca/fdp/>

- Family Development Program individualizing in home support to families with up to the age of 18 to enhance parenting skills and improve family relationships

Navigate for Kids

<https://navigateforkids.com/>

This web application was created to help parents, guardians, educators, and professionals find support specific to the child's needs. Families must have an active FSCD (Family Support for Children with Disabilities) contract to access these resources as the programs presented work directly with FSCD using available funding.

Resources for Newcomers

Calgary Bridge Foundation for Youth (CBFY)

website | <https://cbfy.ca/>

- Offers supports and programming for immigrant and refugee youth, settlement support and knowledge of cultural norms.

CBFY - Supporting Immigrant and Refugee Students in Schools

Your donation helps CBFY provide services to immigrant or refugee children and youth. Through in-school placement and settlement programs, afterschool programs, and post-secondary preparations, CBFY makes the transition to life in Calgary easier. We focus on building a community, encouraging leadership and academic success and providing support to families adapting to their new life in

cbfy.ca

Calgary Catholic Immigration Society (CCIS)

phone | 403-262-2006

email | contact@ccisab.ca

- Programs available to immigrants and refugees: Business Employment & Training, Community Development and Integration Services, Family and Children Services, and Resettlement and Integration Services.

Calgary Immigrant Women's Association (CIWA)

phone | 403-263-4414

reception@ciwa-online.com

- CIWA offers services for immigrant and refugee women, youth, children and families. Programs available: Career Services, Family Services, Language Training and Childcare, Settlement and Integration, Workplace Services

Centre for Newcomers (CFN)

phone | 403-569-3325

email | info@centrefornewcomers.ca

- Programs Available: Settlement Services, Youth Programs, English Language Program, Jobs and Career Planning and Assistance, Multicultural Peer Mentorship for Professionals, Canadian Business Essentials for Accounts, Ethnicity Catering Training Program, Childcare, Volunteering Experiences and Opportunities.

Immigrant Services Calgary

phone | 403-265-1120

email | info@immigrantservicescalgary.ca

- Programs Available: Settlement and Integration, English Testing/Education, Translation and Interpretation Services, Employment Support, Children/Adult and Senior Programs, Family Support and Counselling

VAPING

Smoking, including the use of vape and its paraphernalia is strictly prohibited on public grounds. Any student found to be smoking or vaping on school grounds may be suspended and may potentially receive a bylaw ticket from Calgary Police Services.

VOLUNTEER POLICE CLEARANCE

To maintain the integrity of the CBE volunteer database and prevent it from becoming overpopulated, applicants are to process their PIC within a 60-day timeframe. Volunteers must apply either online with the Calgary Police Service or in person with a police agency within 60 days of the date of the CBE issued volunteer school letter. Volunteers who do not apply within 60 days will be deleted from the CBE Volunteer Security Clearance Process database and the volunteer will be required to reapply.

Volunteers

All volunteers require valid CPS Clearance. Once cleared, volunteers are good for 5 years.

The process is as follows:

- Submit a completed Annual Volunteer Registration Form to the school.

- The information is then entered into the CBE Volunteer Security Clearance Process database by the school.
- A ePIC CBE issued volunteer school letter*is generated.
- The volunteer then takes this ePIC CBE issued volunteer school letter and goes online to the CPS Electronic Service’s Electronic Police Information Check and completes the online application, making sure to share their clearance with the CBE as part of the process. You have a 60-day timeframe.
- The volunteer will receive an email notice of receipt of their application for clearance from the CPS.
- Several weeks will pass, and the CPS will send a confirmation letter on CPS Letterhead that a Vulnerable Sector Search has been completed and there is no further information to disclose.

We want to make sure to educate our parents about his process. Many of our new parents are still in various stages of “being processed”, having one or more of the steps 3-7 not being attended to or completed. Until your status indicates “cleared” in the CBE Volunteer Security database, you cannot volunteer at the school.

For your current school to check the CBE volunteer database to see if you have valid police clearance, or to add you to the school’s list of volunteers, we require their **full legal name & birthdate, including year born**.

*Note: the CBE issued volunteer school letter is not your clearance letter.

WHAT’S HAPPENING IN... ?

Research on best adolescent learning has shown importance must be given to creating curricular learning tasks that bring independent ideas and facts together under larger unified concepts - showing how what we learn applies to the world. This year, like last year, we will be using *Niitsitapi* values (Blackfoot Nation; Piikani, Kainai, Siksika) as guiding thoughts. These big ideas include being aware of the environment through observation, that our universe often contains balance, and that we should aim to transfer what we know to others. Our concept this year is

*Pommotsiysinni | To **transfer** something to others*

ENGLISH LANGUAGE ARTS

Grade 7

Writing

Some Grade 7 classes will begin a film studies project designed to strengthen analytical and creative writing skills. Students will explore

narrative structure, visual techniques, and thematic elements, using film as a medium for developing critical thinking and written expression.

Reading

Some Grade 7 classes will continue their study of *The Hunger Games* by Suzanne Collins, focusing on comprehension, theme analysis, and personal response.

Grade 8

Writing

Students will review sentence structure and sentence types. Students will work on creating complex sentences, varying sentence structures, and extending their responses using conjunctions.

Reading

Some grade 8 classes will have students delivering speeches titled '*I Have a Dream*', providing an opportunity to develop oral communication skills and demonstrate effective use of language and voice. Following the presentations, these classes will begin a study of the novel *Mascot* by Charles Waters and Traci Sorell. Through this text, students will explore themes of identity, belonging, and perspective while continuing to strengthen comprehension and critical reading skills. Other grade 8 classes will continue a vocabulary word study activity from previous weeks. There will be a quiz on Monday, and new word lists will be sent home.

Grade 9

Writing

Grade 9 students will begin the narrative writing unit this week. They will look closely at the three types of narratives by examining mentor texts. From these mentor texts, students will also be exposed to the different elements expected in a strong narrative. They will use regular conferencing with peers (during classes) to generate ideas and manage information in graphic organizers as two main strategies to support the writing process. Students of 9/2 are further ahead in this unit, and they will experiment with essay and narrative writing using prompts from past Provincial Achievement Tests. Through collaboration, peer editing, teacher modelling, and the use of mentor texts, students will ensure they are building cohesive essays and stories with a clear theme.

Reading

Students will also continue to build reading comprehension skills through targeted practice using strategies from the *CBE Reading Continuum*. In addition, classes will further their study of literary devices, with particular emphasis on figurative language and its impact on meaning and tone.

MATHEMATICS

Math 7

Students continued to explore fraction relationships through equivalency and are starting to use diagrams and models to add fractions with the same denominator. Near the end of the week, they will begin subtracting fractions with the same denominator.

Math 8

Students reviewed key fraction concepts from Grade 7 and explored how to use area models to multiply fractions. This week, students will reinforce their understanding of finding the product of proper fractions and mixed numbers. They will then move into dividing fractions.

Math 9

Students will continue using models to solve surface area problems. They will then move into solving more complex shapes with overlapping structures to further enhance their understanding. Students will also be looking at real-world shapes found in the community, such as house structures and layered cakes.

Tutorials are available every Tuesday and Thursday at lunch in Room 202. All grades are welcome.

SCIENCE

Science 7

Students will complete their Golf Ball Bridge Task. They will also be introduced to our next unit, Plants for Food and Fibre. Students in 7-3, 7-4, & 7-5 will be engaging in the Journey 2050 program at the Nutrien Western Event Centre on Tuesday, April 7th.

Science 8

Students wrapped up their understanding of Mechanical Systems with a Rube Goldberg project. This week, students will begin to explore light properties, sources of light, and the behaviour of light through our new unit, Light and Optical Systems.

Science 9

Students will be investigating water quality testing, abiotic and biotic factors leading to a healthy ecosystem, and biological indicators (indicator species). We will be closing our unit with a discussion around waste management practices while looking at water treatment plants and landfills.

Did you know that lunchtime science help is available? Please visit room 110 Tuesdays and Thursdays at lunch if you need some extra assistance with science (open to all grades).

SOCIAL STUDIES

Grade 7

Students are currently examining the Acadian Deportation, with a focus on understanding the historical context, key events, and the lived experiences of those affected. This week they will develop personal responses that encourage historical empathy and critical reflection on themes such as displacement, identity, and resilience.

Grade 8

Students will continue to study Feudal Japan. Three grade eight classes will be exploring worldviews in the areas of geography and belief systems. Two other grade eight classes will apply their historical understanding by creating informational posters representative of those that might have been used by the Tokugawa Shogunate during the *Sakoku* (closed country) period. These posters will address perceived threats from Western nations, outline exclusionary laws, identify limited exceptions, and describe punishments for non-compliance.

Grade 9

Grade nine students will continue to work on developing key source analysis skills. They will critically examine a variety of sources which include graphs, political cartoons, and statistical data to interpret meaning, assess reliability and identify multiple perspectives on issues. The main assignment for the week will be students choosing a current event that has personal and societal relevance and analyze differing viewpoints connected to that issue. They will then apply their understanding by creating an original editorial cartoon that communicates a clear position. Students will be expected to incorporate symbolism, visual conventions, and persuasive techniques to convey deeper meaning and effectively engage an intended audience.

COMPLEMENTARY COURSES

What's happening in Art?

Returning from Easter Friday in the art room, students will continue to engage in learning and teaching watercolour techniques in small groups. Student teachers will begin teaching their expertise in ceramics and

structured drawing. We also welcome the spring sun visiting us all day long in the art room!

What's happening in Construction?

Students continued wrapping up their first projects and started preparing to work on their second projects. The grade 7s will be learning to cut with the scroll saws to make a Baz magnet and a key hanger, the grade 8s will be making a small box, and the grade 9s will be starting their charcuterie board projects.

What's happening in Communication Tech?

Students explored how to use a digital single lens reflex (DSLR) camera. Over the next month, students will explore photography concepts in planning and capturing their photographs. Students will learn about horizontal and vertical orientation, framing, point of view, depth of field, and composition. Through this, they will continuously reflect on their artistic choices and how photography is used in a variety of career pathways.

What's happening in Computer Science?

Q: What do you call a Zombie Pigman that steals your sword? Answer: A ham-burglar!

This is a Minecraft joke. In Normal and Hard difficulties, up to 55% or 25% of zombified piglins pick up any armor pieces and swords better than their golden one, which they always drop when killed. This also prevents them from despawning.

Students in Computer Science will begin their Adobe Animation projects this week. The Basic Bot continues to be introduced to a few more classes and students selected are building their Bots.

Students have finished designing and creating their Minecraft animation theme builds. They also have begun uploading their Animation projects into their e-Portfolio's in their Iris CBE accounts so that parents can have a look at their child's project. Students begin each class coding in either Java or Python followed by independent work in the following four areas: 3D printing, Coding, Designing and Robotics.

Students will be learning next how to use Adobe animate and After Effects. Students will experience guided design projects based off of the processes that real-world professionals go through every day.

What's happening in Foods?

This week in Foods, we discussed "Puff Pastry". Ready-made puff pastry is a versatile product that can be found in your freezer aisle of your grocery store. French Puff Pastry is defined as thin layers of butter between layers

of dough through a process called lamination. This process involves folding and rolling the dough several times, resulting in a characteristic flaky texture.

Theory:

Students were asked to read about Puff Pastry and its many uses in baking. Students were also shown an information video on how to make puff pastry from scratch and this week's recipe, Fruit Strudel.

This week in the kitchen:

Students made Cherry, Blueberry or Lemon Strudel. Students were taught how to make "chevron" cuts in the pastry. Proper technique with cuts, folding and braiding prevent the filling from baking out of the braid, thus creating a visually beautiful product. Great job everyone!

What's happening in Leadership?

Students are going to work on their school improvement projects.

What's happening in Music?

Students are going to work on theory and practicing their final projects.

What's happening in Niihiyiyat?

Pronunciation: nee-hee-yee-yah

'Niihiyiyat' derives from the Tsuut'ina language and translates to 'Guide Us' in English. The Tsuut'ina language is a distinct variation of the Dene language family.

Students will be guided by land-based literacies, experiential learning, teacher instruction, online exploration and community partners (Elders, Knowledge Keepers, mentors and other experts in related fields).

Through holistic, student-centered, multimodal and strength-based instruction, students will be invited to demonstrate their learning in a variety of ways, such as storytelling, songs, oral presentations, visual presentations, performance, writing or digital representations, and cultural and expressive arts.

Learning through the Niihiyiyat course will be enriched when the four seasonal quarters are applied to explore and engage in learning.

What's happening in Tourism?

Students will be finishing up their Amazing Race Assignment and their seven-day trip in North America. After we will be doing a film study and then begin to look at international travel.

PHYSICAL EDUCATION & INTRAMURALS

P.E.

Depending on the weather, physical education classes will begin Track and Field activities, as well as other outdoor activities such as softball. If we are indoors, students can expect activities such as scooter hockey, tchoukball, and relay races.

Intramurals

Morning Gym: 7:20 am daily

Monday:

Grade 7 Open Gym

Tuesday:

Grade 8 Open Gym

Wednesday:

Women's Wednesday

Thursday:

Grade 9 Open Gym
